The Developers

NBR Trifecta is a joint collaboration of 2 prestigious real estate players - NBR Group & Trifecta Projects

Mr. Nagbushan Reddy & Mr. Ashwath Narayana Reddy are the managing partners of NBR Developers. Under their leadership NBR Developers has managed to maintain their reputation and better it since inception and has been a trend setter as regards quality, affordable housing and innovative ideas in construction. Founded in 1998, NBR Developers led by Managing Director Mr. Nagabhushan Reddy has carved a niche for itself in the real estate industry with its unique projects that have attracted buyers from all walks of life.

Within a mere 17 years presence in the field, they have brought in revolutionary thinking in terms of providing a gated community styled living at the most affordable pricing so that owning a dream home is no longer a distant dream for a middle income buyer.

Boasting of a diverse portfolio, NBR Developers has projects of gargantuan sizes across the most happening places in Bangalore. The NBR Green Valley project was the first of its kind in the Bagalur - Hoskote stretch and won the coveted Bangalore Real Estate Award for 'Residential Plot Development of the Year' in 2012. The project has been an extraordinary success and its success story has attracted much attention from many other developers and has thus improved the land value and developmental prospects of the region by manifold. Similarly, NBR Developers' projects in other areas of Bangalore have been well received by customers who place their faith in the company time and again to enjoy great returns.

Trifecta Projects is a brand owned by Ecstasy Projects Pvt. Ltd. Ecstasy Projects was started by Mr. Subba Reddy and Ms. Sarada Reddy who sought to bring joy and happiness to an otherwise tarnished and jaded industry. Trifecta is very well balanced and with balanced people, you know you are in good company.

At Trifecta they do things the right way, even if it is not easy or cost-effective. They choose to do the best and not make promises they cannot keep. Trifecta is accountable and reachable, anytime night or day, to answer any questions. It was from these ideals that Trifecta was born.

They are earnest and try and do the deliver the best. If at all you have to compromise somewhere, you are never the last to know. They take their word seriously, and will not promise on what they cannot deliver.
